

MULLUM CREEK
**RECOMMENDED PLANT LIST, FRUIT TREES
 AND PRODUCTIVE PLANTS**

VERSION
 ENDORSED ISSUE 080814

Botanical name	Common Name	Mature plant size ¹		Plant type		Preferred growing conditions						Planting and cultivation notes
		Height	Spread	Evergreen	Deciduous	Shade	Half Shade	Full sun	Dry site	Moist site	Wet site	
Pome fruit trees												
<i>Amelanchier</i>	Serviceberry tree				•							
<i>Cydonia oblonga</i>	Quince	7 - 10m			•		•					
<i>Cydonia sinensis</i>	Chinese Quince	10 - 15m		semi	•							
<i>Malus domestica</i> varieties	Domestic Apple				•							
<i>Mespilus germanica</i>	Medlar	4m			•			•	•			
<i>Pyrus communis</i>	Common pear	13m			•			•	•			
<i>Pyrus pyrifolia</i>	Nashi, China Pear				•			•	•			
Stone fruits												
<i>Prunus armeniaca</i>	Apricot				•			•				
<i>Prunus domestica</i>	European Plum				•			•				
<i>Prunus persica</i>	Peach				•			•				
<i>Prunus persica</i> var. <i>nucipersica</i>	Nectarine				•			•				
<i>Prunus salicina</i>	Japanese Plum				•			•				
Citrus and similar												
<i>Citrus aurantifolia</i>	Common Lime				•		•	•				
<i>Citrus aurantium</i>	Bitter Orange				•		•	•				
<i>Citrus latifolia</i>	Persian Lime				•		•	•				
<i>Citrus limon</i>	Lemon				•							
<i>Citrus paradisi</i>	Grapefruit				•							
<i>Citrus reticulata</i>	Imperial Mandarin				•							
<i>Citrus sinensis</i>	Sweet Orange	7m	5m		•		•	•				
<i>Fortunella</i> sp.	Kumquat				•							
Other productive food trees												
<i>Acca sellowiana</i>	Feijoa	4m	4m		•			•	•	•		
<i>Carica pentagona</i>	Mountain Papaya				•							
<i>Ceratonia siliqua</i>	Carob	to 10m	10m		•		•					
<i>Diospyros</i> sp.	Persimmon				•							
<i>Ficus carica</i>	Common Fig	3m	5m		•							
<i>Morus macroura</i>	Shahtoot Mulberry				•							
<i>Morus nigra</i>	Black Mulberry	12m	15m			•						
<i>Musa</i> sp.	Banana				•							
<i>Olea europaea</i>	Olive				•							
<i>Persea americana</i>	Avocado				•			•				Requires excellent drainage and reliable moisture
<i>Psidium littorale</i> var. <i>longipes</i>	Strawberry Guava	3m	3m		•			•		•		
<i>Punica granatum</i>	Pomegranate					•						
<i>Solanum betaceum</i>	Tamarillo	3.5m	2.5m				•	•		•		
Nuts												
<i>Corylus avellana</i>	Hazelnut				•							
<i>Juglans regia</i>	Walnut				•							The leaves and bark contain a chemical which can suppress the growth of other trees.
<i>Macadamia integrifolia</i>	Macadamia Nut				•			•				Select grafted trees to a maximum height 10m
